

SANTA'S SLEIGH

Read the story about Christmas at The Workshops Rail Museum

The Workshops Rail Museum and the North Ipswich Rail Workshops celebrate Christmas every year. Christmas has been celebrated for many decades by individual workshops, hosting their own Christmas parties and festivities.

In the 1990s, the workshops decided to make Christmas very special for some Queenslanders. Tradespeople at the workshops made Santa's Sleigh for a train that went to Charleville after a devastating flood.

Santa's Sleigh travelled to outback towns and brought flood relief and presents to many people who needed help. The sleigh now decorates The Workshops Rail Museum from early December every year.

Imagine you are building a sleigh. Draw a picture of how you would like your Santa's Sleigh to look.
