Purpose and Overview

This activity trail provides further opportunity for students to discover items found throughout the Museum. This is an alternate Early Childhood Trail which is designed to encourage children to explore and identify specific items located in the various zones of the Museum in a manner that will continue to develop and maintain the interest of young minds during the visit.

Below is a map of The Workshops Rail Museum. You can refer to this map to help orientate yourself throughout the trail activities.

1. Where is it?

Draw a line to match the things to the place you found them.

2. Can you find these things on Flash?

Tick the box when you find each thing!

3. Go to

and find these crates.

Circle what you think is inside the top crate.

4. Look at this carriage in Nippers' Railway.

How many triangles can you count on one side?

HINT: *Don't count the shapes on the wheels. They are not triangles. Look carefully on the side of the carriage. There are smaller triangles inside the big triangles.*

There are triangles on the side of the carriage

5. Draw a picture of yourself having fun at Nippers' Wharf.

Did you catch any fish?

A large empty rectangular box with a black border, intended for drawing a picture of oneself having fun at Nippers' Wharf.
